

# MISSION EXHIBITION

## APPLICATION CRITERIA

**This document includes the criteria we use for acceptance of each agency. Please read through this information before applying:**

- The agency should align itself with the purpose, priorities, beliefs and values of Keswick Ministries, as outlined in our document [‘Introducing Keswick Ministries’](#) or [here](#) on our website.
- The agency should have a clear focus on Christian mission.
- The agency should be able to articulate how the work of their ministry relates to and would serve the Convention theme and Keswick Ministries understanding of mission, as expressed by Tim Chester’s *Is Everything Mission*. The centrality of evangelism and Word-based ministries of all kinds goes together with an affirmation of integral mission.
- The agency should be connected with the wider evangelical community through membership of Global Connections or the Evangelical Alliance. This is because we wish to ensure that all mission agencies involved are in good fellowship with other evangelicals and are committed to the unity of God’s people in the cause of mission.
- The agency should be a registered Christian charity.
- For those who are applying to be part of the exhibition for the first time, we may request additional information to enable us to decide which application we are able to accept.
- The Trustees of Keswick retain the discretionary right to make occasional exceptions but seek the kind understanding of those agencies which might not be able to fulfil these criteria.

To apply please go to: <https://convention.keswickministries.org/base-camp/>
