

Mission Exhibition

**Keswick
BASE CAMP**

POSTER SPECIFICATIONS

The posters will be used in and around the venue for the entirety of the Keswick Convention. If you are only exhibiting for one or two weeks, you will still be able to publicise your agency throughout the three weeks.

Note: Providing a poster of your agency is an optional choice for each missionary agency.

If you choose to provide a poster, please use the following specifications:

Display Poster Specifications

The content of the poster should show the uniqueness of your agency but, in order to give the exhibition a consistent look please use the following specifications for your agency poster:

- Size – 841mm x 1189mm (Standard A0 paper size).
- Orientation – Portrait.
- Material – PVC, with hem and eyelets.
- Agency logo at top left of poster.
- QR code at bottom right of poster, 100mm x 100mm in size and this should take people to your choice of landing page on your agency website.
- Poster to arrive at the Convention by Friday 28th June at the latest, in time for set-up.

We would suggest the posters are not Convention or year specific so they can then be used again.
